BUNKER SORATTE

"DECAUVILLE" REGULATIONS AT THE UNDERGROUND TUNNELS OF MOUNT SORATTE

These regulations have been adopted to make your visit to the underground tunnels of Mount Soratte safer and more enjoyable.

THE TOUR

The **"Decauville"** is a small electric train consisting of a locomotive and several passenger cars.
The tour has a total duration of about **30 minutes** and involves the use of technological devices, such as **audio guides** and **virtual reality headsets**.
The service is designed to ensure **accessibility and safety** for all participants.

ACCESSIBILITY AND LIMITATIONS

Each tour has a **limited capacity of 33 or 34 seats**.
The tour is in any case not accessible to children under **3 years of age**.
The experience is inclusive and accessible: **wheelchair** users can board via a dedicated ramp and have a **reserved space** on board.
For special needs, always check with the **staff on duty.**

USE OF AUDIO GUIDE AND VIRTUAL REALITY HEADSET

During the tour, an **audio guide** consisting of a portable device and earphones is provided. The earphones are **disposable** and, for **health and hygiene** reasons, are not returned at the end of the tour, remaining with the visitor.
For safety and health reasons, using the headset (VR or AR) is **strictly prohibited** for children **under 11 years of age**. Virtual reality headsets are not suitable for children under this age, as they may affect **visual and neurological development**. Parents or guardians are **required to ensure compliance** with this ban.
Use of the headset is **not recommended** for people suffering from:

- **Photosensitive epilepsy** or other neurological disorders;
- **Balance disorders** or **motion sickness**;
- **Uncorrected vision problems** (strabismus, amblyopia, etc.);

In case of doubts or alternative requests regarding the use of the augmented reality headset, please **contact the staff on duty** before the start of the experience.
The Association declines all responsibility for damages resulting from improper use of the headset or non-compliance with these provisions.
To ensure maximum hygiene and safety, the headsets are thoroughly **cleaned and disinfected** after each use, using specific products that are safe for skin and materials.

SAFETY RULES

For a proper and safe tour experience, **it is mandatory to always follow the instructions** of the staff on duty.
During the tour, **it is not possible to get on or off the car**, nor to lean out hands, arms, and head for the entire duration of the route.
In the event of a tour interruption or emergency, follow all **instructions given by the staff on duty** and remain calm.

PROHIBITED BEHAVIOR

Throughout the tour and for its entire duration, it is **forbidden** to:

- Endanger your own and others' safety through inappropriate behavior and by disobeying the instructions provided by the staff on duty;
- Light fires or smoke (including e-cigarettes);
- Shout, speak loudly, and make other kinds of noises;
- Touch objects, vehicles, and displays;
- Litter on the ground or inside the car;
- Eat or drink alcohol;
- Cross safety barriers;
- Any behavior, gesture, or expression that recalls, promotes, or glorifies particular political ideologies, in whatever form it manifests itself;
- Bring in animals.

TOUR TIPS

The internal temperature is constantly **10° - 14°C (50° - 57°F)** and the environment often has a **high humidity level**.
For a comfortable experience of the route, it is advisable to bring **warm clothing** (a sweatshirt, a windbreaker, etc.), even in summer, and a pair of **comfortable closed-toe shoes** (stiletto heels, flip-flops, etc. are strongly discouraged).

Thank you for respecting the rules: you will help preserve a unique place of Italian memory.
Enjoy your journey into the heart of Mount Soratte!
